

Angels

Verse1:

Sweet-sour like an appel
Appel of my eye
He took me to a chappel
Chappel was a lie

Uncertain like tomorrow
Tomorrow soon be gone
It's happiness or sorrow
Sun or rain to come

Chorus:

Why do angels cry
Sitting in the sky
Looking down on us
Let their tears fall

Verse2:

Escaping from the silence
It's words that cut my tongue
Our ears are deaf and frightened
Of truth and what will come

Can't look outta my window
The light just seems so far
The closer is the shadow
My fears have left a scar

Chorus 2x:

Why do angels cry...
