I

Rain came down n cleared my sky
It's crystal clear, now I can smile
About my worries from last night
It's hard to understand sometimes
Why life makes you laugh, then cry
What we are meant to learn n why
We might never know for sure
All I know it is time to go...

Chorus:2x

Forward, go forward n don't look back
Live in the here n now take it step by step

II

Now it's time to stop all lies
Learn to love myself cuz it's my
Own responsibility
To enjoy my life, make myself happy
Expected it from someone else...
But now i know that this won't help
We need to learn from our mistakes
So we can move on...

Chorus: 2x

Forward....

Bridge:

Loving ourselves isn't always easy, I know that
It's a hard lesson learned...believe me, it's a fact
All the negativity in the world won't help a bit
So I decided to become a radical optimist and go...

Chorus: 2x
