

## **Love is my weapon**

I believe in love  
I believe in peace  
I believe that everything's  
Happening the way it's meant to be

I don't believe in wars  
I don't believe crime  
I believe that hate is simply a big waste of time

We're way too quick to point the finger  
On somebody else

If we chose love as the trigger  
To pull at the right time and place

2 x Chorus:  
Cause if Love is your weapon  
There's no need to fight  
If Love is your weapon  
Things will be alright  
Love is the truth

||  
Kill them with a smile  
Make your time worth a while  
As long as you keep giving love  
Karma likes your style

Believe in Yes we can!  
Be positive and stand  
Up for your rights and speak for those who can't

We're way too quick to give up hope  
When everything's still possible  
If we could chose love as our scope  
Then everything is possible

Chorus:  
If love is your weapon...

Love is the truth...
