

Trust me

Verse 1 (Faiz):

Girl, i know i almost risked losing you
`cause i tried...tried hard to resist your spell
how i planned on running, i can't never tell
but now that you got my heart i gave it up
n i know my love for you wont stop
i know you're scared i could change my mind
but i can't `cause a love like yours i'd never find
so baby just

Chorus:

Trust me
I won't hurt you
Baby you must leave
Behind your fears to
2x Feel my love – for you

Verse 2 (Kaye):

Boy, I almost lost hope
i could ever
feel this way again
But now that i found you
i know my past makes sense
All the pain that i went through
Were lessons i had to learn so far
We need to love like we've never been hurt before
I know that ain't easy but if you want this as much as I do
We can work this out, I just need you

Chorus:

Trust me...

Bridge:

Faiz: I 'm sure you feel that I'm real with you
Kaye-Ree: I have no reason to doubt your love
Faiz: And i will do my best to prove it to you
Kaye-Ree: And I will treat you the best I can
Faiz: You're my queen
Kaye-Ree: You're my king
Faiz: and I will give you all of my heart
Kaye: I give you all of my heart
Faiz: So forget about the pain we went through and just....

Chorus 2x:
