

## Easier said than done

### Verse 1

Oh how I wish I could run  
see I know I did something wrong  
Trying to hide from myself  
Scared to look at me or someone else

### Prehook

I might go insane  
life won't ever be the same  
after what I've done.  
I try to tell myself  
everybody makes mistakes  
but that won't change a damn thing

### Hook:

It's easier said than done  
Easier done than undone  
I can't go back in time

It's easier said than done  
Easier done than undone  
No place far enough to hide

### Verse 2

Now it is far too late  
No real use for denial or escape  
Hope I have learned from this mess  
Don't wanna add on to my regrets

### Prehook

It's always hard to  
Resist temptation  
It mostly looks sweeter than it is  
Forbidden fruits with bitter aftertaste  
Next time I keep my hands off of it

### Hook:

It's easier said than done  
Easier done than undone  
I can't go back in time

It's easier said than done  
Easier done than undone  
No place far enough to hide
