Fallin' in love

Wake up in da morning
With you on my mind
(I know) something
Has happened last night
We got closer
Than we were supposed to
Couldn't resist your seductive smile

Bridge:

Could it be that you & me
End up fallin' in love
I feel we are supposed to be
I hear it from above

Chorus :

You're way too good to be real
You make me feel high
You're way too good to be real
Boy I feel like I can fly

Fantasising
Sweet things we would do
Boy, if you were here...
We'd be dancin'
In unbearable tension
While I'm dreamin'
You're at home with her, but...

Bridge:

Chorus:
You're way too good to be real
You make me feel high
You're way too good to be real
Boy I feel like I can fly
