Day 'n night

Intro Rap:

I don't know what you do to me
It's been some time I've felt this way
I wanna be around you anytime it's possible
Like I'm an addict for you, need you night n day

Boy, you got me dreamin' bout those romantic summer nights
Boy, you got me phinin' for those intensive showers – felt so right
(with you)

Boy, you got me fantasising bout what n where and how we'd do...
if you were here right now...
n I don't know how I will survive the day until I see you again

Chorus:

2xDon't know what is happenin'
Seems like you are takin'
All the space up in my mind
Make me feel so silly
Wanna take you with me
Be with you all day 'n night

and all I think about is you and me

All the space up in my mind

you got me, you got me, you got me
Silly, dizzy, naughty
You got me, you got me, you got me

You got me, you got me, you got me
Spinnin', trippin', fallin'...
....fallin' straight in love with you!!

2xDon't know what is happenin'
Seems like you are takin'
All the space up in my mind
Make me feel so silly
Wanna take you with me
Be with you all day 'n night
