

Growth

You know when you grow
It might really hurt sometimes
It won't be your bones
But it's your soul that cries

Prechorus:

You feel the weight of life
But If you accept the sight of truth
and stop the lies
You feel your path was right
It might just take a while
For you to see the signs
And listen to your voice inside

Chorus:

N then you see that you have grown
Thru every struggles in your life
With every teacher on your side
And you'll be thankful for the ride

Verse 2:

You doubt your own growth
N see your world fall apart
feel lost and old
but your soul restarts...

Prechorus:

to liberate your mind
It is breaking free from
old patterns inside
n chains that bind
you from living your life
we're scared of choices sometimes
until we cross that line
n listen to our voice inside

Chorus:

N then you see then you have grown...

Bridge:

Now the new you was born
Feel somehow more alive
Call wisdom your own
Ready to shine your light

Some wounds are healing slow
Allow yourself to search some more
n soon you will find your own truth deep
inside

Chorus:

N then you see then you have grown...
