

U.N.I.T.Y.

V1

See I was gonna write another love song
This one ain't gonn' be just bout you and me
Its' message and its power's so much stronger
It's bout the love we need to share as humanity

Prehook

We have been misled for far too long
It's time to open up our third eye
We gotta to learn to stand up for each other
we are so much stronger when we unite

Hook

Let's go for U.N.I.T.Y. for freedom
Let's go for U.N.I.T.Y. for peace
Let's go for U.N.I.T.Y. for equal rights
It's time for U.N.I.T.Y.

V2:

See we're not really different from each other
Even if we might believe in different Gods
For color of our skin no one should suffer
Cuz we are all human

Prehook

We have been misled for far too long
It's time to open up our third eye
We gotta to learn to stand up for each other
we are so much stronger when we unite

Hook

Let's go for U.N.I.T.Y. for freedom
Let's go for U.N.I.T.Y. for peace
Let's go for U.N.I.T.Y. for equal rights
It's time for U.N.I.T.Y.
